Devotion Patti Smith,2017-01-01 In lyric essays, a story, poems, and photographs, Smith illuminates the whirl of chance and choice that stokes a writer's imagination, recounting her fascination on the eve of a trip to Paris with Simone Weil and an evocative, accidentally discovered film about Stalin's mass deportation of Estonians. In France, a gravestone, a televised figure-skating competition, a meal, and a garden all converge in what becomes *Devotion*, [a] ... fairy tale about a young, displaced Estonian skater and a solitary dealer in rare objects and arms. This ... fable about creativity and obsession, possession and freedom is followed by a meditation on how a work of art is, for other artists, a call to action--Booklist, 08/01/2017.

The Faber Book of Science John Carey,2012-12-20 The Faber Book of Science introduces hunting spiders and black holes, gorillas and stardust, protons, photons and neutrinos. In his acclaimed anthology, John Carey plots the development of modern science from Leonardo da Vinci to Chaos Theory. The emphasis is on the scientists themselves and their own accounts of their breakthroughs and achievements. The classic science-writers are included - Darwin, T.H. Huxley and Jean Henri Fabre tracking insects through the Provencal countryside. So too are today's experts - Steve Jones on the Human Genome Project, Richard Dawkins on DNA and many other representatives of the contemporary genre of popular science-writing which, John Carey argues, challenges modern poetry and fiction in its imaginative power.

My Side of the Scarf Carmen Parets Luque,2019-09-19 This story doesn't begin like other stories, with Once upon a time... but with a very important question. A question that is said with love, like this, whispering in the ear very softly: Do you want to be my friend?...My side of the scarf is a children's book about the meaning of true friendship, to teach the youngest children their value with the story of the scarf that united Oliver and Violet. The two friends spend good times together and bad, which put their scarf to the test. Sometimes it seems that it breaks or disappears. Other times, it drowns them, and more often, they feel the warmth and love it transmits.

Melvin Monster, Volume 3 John Stanley,2011-03-29 The kids' comic classic, designed by Seth The ghoulish capers of everyone's favorite monster continue with the third volume of the acclaimed series. Melvin lands his first babysitting job only to discover he has his hands full, literally-the baby in this case is a giant monster, almost the size of a room. When Melvin meets his friend for a friendly game of marbles, an older monster-woman passing by is offended by the scene, as everybody in Monsterville knows that monsters should always fight when they're together. Finally, she is content only after forcing the two monsters into a scrap. Melvin also attempts to be the first kid in Monsterville to attend school in more than six hundred years, but he is thwarted each time by Miss McGargoyle, his would-be teacher. He is threatened with boulders, giant boomerangs, and even long-range missiles, but nothing can stop Melvin from wanting to go to school every day. Melvin Monster illustrates just how timeless the comics of John Stanley are.

Return to Wonderland Raven Gregory, Joe Tyler, Ralph Tedesco, 2009 Alice is no longer the little girl you once knew. Years have passed since she took her trip down the rabbit hole. Now a grown woman with a family of her own, Alice has everything a person could want, everything except for her sanity ... Calie Liddle was once a normal high school student with a loving family and a great boyfriend. But in the shadows of her picture perfect life something was always watching and waiting. She never knew what it was, but somehow she always knew it was there, and it holds the answers to the questions that have defined her life. As Alice's mental health deteriorates, Calie will discover the truth behind her mother's illness as she is pulled into the same realm Alice traveled to many years before. Now Calie must survive in a world where terror runs rampant, a place where the adventures of Alice were only the beginning, as she discovers the shocking truth behind what Wonderland really is. Will Calie find the strength to escape or will she succumb to the insanity that has already taken so much from her mother? Discover for yourself the madness with no method and an evil with no motive ... discover for yourself the world that is Wonderland.--Page 4 of cover

Sol Plaatje's Mhudi Sabata-mpho Mokae, Brian Willan, 2021 Sol Plaatje's Mhudi is the first full-length novel in English to have been written by a black South African and is widely regarded as one of South Africa's most important literary works. Set in the 1830s, it tells the tale of Mhudi and Ra-Thaga, a romantic story set against a violent backdrop of war between Barolong and Matebele, complicated by the intrusions of Boer trekkers with whom the Barolong form an alliance. It is notable, among other things, for the way Plaatje uses the past to explore the roots of the oppression and injustice suffered by his people a century later, when the book was written--Page 4 of cover
