**Social Studies for the Twenty-First Century** Jack Zevin,2015-01-09 Now in its 4th edition, this popular text offers practical, interesting, exciting ways to teach social studies and a multitude of instructional and professional resources for teachers. Theory, curriculum, methods, and assessment are woven into a comprehensive model for setting objectives; planning lessons, units, and courses; choosing classroom strategies; and constructing tests for some of the field's most popular and enduring programs. The reflective and integrative framework emphasizes building imagination, insight, and critical thinking into everyday classrooms; encourages problem-solving attitudes and behavior; and provokes analysis, reflection, and debate. The text includes separate chapters on teaching each of the major areas of the social studies curriculum. Throughout the text, all aspects of curriculum and instruction are viewed from a tripartite perspective that divides social studies instruction into didactic (factual), reflective (analytical), and affective (judgmental) components. These three components are seen as supporting one another, building the groundwork for taking stands on issues, past and present. At the center is the author's belief that the heart and soul of social studies instruction, perhaps all teaching, lies in stimulating the production of ideas; looking at knowledge from others' viewpoints; and formulating for oneself a set of goals, values, and beliefs that can be explained and justified in open discussion. New in the Fourth Edition: Clear links to the The National Council for the Social Studies College, Career and Civic Life C3 Framework for Social Studies State Standards Attention to impact of high-stakes testing, Common Core State Standards, and related ongoing developments Expanded and critical review of the use of internet, web, and PowerPoint technologies Coverage of how to incorporate the many social science, humanities, and STEM fields to enrich the social studies Updates and revisions throughout, including new research

**Jazz, Perfume and the Incident** Seno Gumira Ajidarma,2013-01-01 In Jakarta's gleaming center a man and a woman watch each other from adjoining skyscrapers. The man, a journalist, has on his desk reports he doesn't dare publish of a massacre in East Timor. He contemplates the demands of truth and confronts the split in his world between a sophisticated urban life where the women waft by in signature perfumes, and the primitive oppression of Indonesia's army state in East Timor. Only jazz mediates. A music of raw emotion and powerful refinement, urbane yet born in the growl and moan of generations of slaves, jazz is not literal, but absolutely true. So too this novel, which defied Indonesia's regime of censorship and made available, in its pages, the heavily censored reality that journalists dared not report. In *Jazz, Perfume and the Incident*, Seno Gumira Ajidarma combines the surreal and the actual in a way that forever changed Indonesian literature and political discourse.

Extraordinary Awakenings Steve Taylor, 2021-09-07 A compelling investigation of how intense psychological suffering can lead to a dramatic shift into a new, expansive identity Why do some people who experience the worst that life has to offer respond not by breaking down but by shifting up, into a higher-functioning, awakened state, like phoenixes rising from the ashes? And perhaps more importantly, how can we emulate their transformations? Over many years of observing and studying the phenomenon of life-changing awakening through extreme suffering, Steve Taylor coined the term "transformation through turmoil." He calls these people "shifters" and here shares dozens of their amazing stories. In addition, Taylor uncovers the psychological processes that explain these miraculous rebirths after years of struggle or devastating loss, addiction, or imprisonment. He highlights a number of lessons and guidelines that the shifters offer us. In Extraordinary Awakenings, readers will find not only riveting stories of transformation that show the amazing resilience of the human spirit, but also hope and guidance to call on during their own struggles, together with inspiration and profound food for thought.
