Dress in the Making of African Identity: A Social and Cultural History of the Yoruba People Bukola Adeyemi

Oyeniya,2015-09-08 This is a book on the social and cultural history of Yoruba people, a people in southwest Nigeria. As the first to provide a comprehensive treatment of Yoruba dress in historical perspective, this book is an important contribution to African history in general and the Yoruba cultural history in particular. The book illuminates the impact of Christianity, Islam, and British colonialism on the construction of Yoruba identity, and how dress was entangled in that construction. It also provides insightful discussions of the transformations in dress culture since independence and demonstrates the importance of dress as a site for contesting and articulating postcolonial Yoruba identity and class structure within the Nigerian national space. This book provides many insights into these issues and is thus an invaluable addition to Africana studies, anthropology, and history.

Contemporary Art from Nigeria in the Global Markets Jonathan Adeyemi,2022-12-07 This book brings together from four years of study on Nigerian contemporary art's internationalization. The monograph integrates voices of African (Nigerian) artists and art market players into the growing discourse on the emerging art markets in the global South. It explores the logic of competition and dynamics of power relations in the global markets, focusing on the internationalization of contemporary art forms from peripheral regions. The book confirms that the internationalization of contemporary art form from Nigeria is limited due to systematic marginalization in the artistic field, which in this case based on postcolonialism, and debilitating socio-economic factors such as outmoded art education, unstructured support system and weak mechanism for local validation, and an inefficient political framework for art governance. It will therefore be useful to students and researchers in the sociology of art, art market studies, art history and culture polity.

Yoruba Gurus Toyin Falola,1999 Toyin Falola, one of the most prominent interpreters of Yoruba History, has written an outstanding and brilliant pioneer book that reveals valuable knowledge on African local historians. This is one of the most impressive books on the Yoruba in recent years and the best so far on Yoruba intellectual history. The range of coverage is extensive, the reading is stimulating, and the ideas are innovative. This is indeed a major contribution to historical knowledge that all students of African history will find especially useful. This original study will find itself in the list of the most important studies of the 20th century. -Julius O. Adekunle, Monmouth University

The Conjure Woman (new edition) Charles W. Chesnutt,2024-10-22 An early slave narrative, a skilfully woven satire on the stereotypes of plantation life and the apparently beneficent white owner. Told as a series of gentle fables, in the style of Aesop. Featuring a new introduction for this new edition, *The Conjure Woman* is probably Chesnutt's most powerful work, a collection of stories set in post-war North Carolina. The main character is Uncle Julius, a former slave, who entertains a white couple from the North with fantastic tales of antebellum plantation life. Julius tells of supernatural phenomenon, hauntings, transfiguration, and conjuring, which were typical of Southern African-American folk tales at the time. Uncle Julius tells the stories in a way that speaks beyond his immediate audience, offering stories of slavery and inequality that are, to the enlightened reader, obviously wrong. The tales are fabulistic, like those of Uncle Remus or Aesop, with carefully crafted allegories on the psychological and social effects of slavery and racial injustice. *Foundations of Black Science Fiction*. New forewords and fresh introductions give long-overdue perspectives on significant, early Black proto-sci-fi and speculative fiction authors who wrote with natural justice and civil rights in their hearts, their voices reaching forward to the writers of today. The series foreword is by Dr Sandra Grayson.

The Parable of Dollars Sam Adeyemi,2004-12-01 The Parable of Talents is one of the prominent parables of Christ. The word talent by its use in present times connotes the inherent gifts and abilities in people, hence the parable has been used to teach on the stewardship of our God-given gifts and talents. However, the talent as used in this parable was a currency in biblical times just as the dollar is in our days. A second look at this parable shows that it contains powerful secrets for financial abundance. This book is intended on one hand to be a reminder of the things you may have learnt on finances from the Bible. On the other hand, it is intended to ignite a spark in your heart to take practical steps towards wealth creation. It goes a little beyond conventional teachings on giving, to cultivating wealth-building habits like saving, investing and entrepreneuring. It ends with supernatural wealth building principles through addiction to the Kingdom of God. In this book and the included workbook you will discover how to:Build a Wealth Mentality Develop Financial Intelligence Break the poverty cycle in your life Make, Multiply and Manage Your Money God's way through wise investments Discover and Develop your God-given gifts and abilities to release your financial increase

The River Where Blood Is Born Sandra Jackson-Opoku,2009-07-08 This astonishing novel takes us on a journey along the river of one family's history, carving a course across two centuries and three continents, from ancient Africa into today's America. Here, through the lives of Mother Africa's many daughters, we come to understand the real meaning of roots: the captive Proud Mary, who has been savagely punished for refusing to relinquish her child to slavery; Earlene, who witnesses her father's murder at the hands of the Ku Klux Klan; Big Momma, a modern-day matriarch who can make a woman of a girl; proud and sassy Cinnamon Brown, whose wild abandon hides a bitter loss; and smart, ambitious Alma, who is torn between the love of a man and the song of her soul. In The River Where Blood Is Born, the seen and unseen worlds are seamlessly joined--the spirit realms where the great river goddess and ancestor mothers watch over the lives of their descendants, both the living and those not yet born. Stringing beads of destiny, they work to lead one daughter back to her source. But what must Alma sacrifice to honor the River Mother's call?

Mary Ann Shadd Cary Nneka D. Dennie,2023-10-27 The introduction, We Should Do More, and Talk Less, offers a biographical overview of Mary Ann Shadd Cary. It describes the historical context that informed her writings and activism, and charts her ideological shifts throughout the nineteenth century. In so doing, it devotes particular attention to the ways that slavery, abolition, the Fugitive Slave Law of 1850, and Reconstruction influenced Shadd Cary's intellectual thought. We Should Do More, and Talk Less discusses the gendered controversies and personal financial challenges that Shadd Cary experienced during the 1850s while she edited her newspaper, the Provincial Freeman, and managed a school. The

introduction explains how Shadd Cary understood three central themes: racial uplift, women's rights, and emigration. It also defines a key concept, the Black radical ethic of care, in its examination of nineteenth-century Black radicalism--
